

## Invast Australia Hires Kushla Hall to Strengthen Operations and Institutional Client Solutions

Invast Financial Services continues to expand their local operation, hiring a new Director of Operations, Kushla Hall, to focus on strengthening their operations, and build upon the existing institutional offering.

**16 October 2014** – Invast recently recruited a new Director of Operations, responsible for implementing and maintaining control of the daily procedures for both the retail and institutional client base, allowing Invast the ability to scale up their operations to cater to retail clients, money managers, white label and institutional partners.

CEO, Brendan Gunn of Invast Financial Services commented “Kushla brings over 28 years of financial market experience in an operational capacity, covering a broad range of products including Margin FX, DMA CFDs, Indices, Gold, Silver, Oil and Equities and it is this experience that will help us strengthen all aspects of our operations and institutional client solutions.”

With over 28 years of market experience at both the retail and institutional level, with extensive experience with MT4 money managers, Kushla will act as a product knowledge and subject matter expert, assisting the institutional team with all aspects of client meetings and will assist in identifying the ideal bespoke solution for partners.

“Honesty and integrity are two key characteristics I look for in a company, and it was clear at the beginning of my conversations with management, that Invast are committed to achieving their goals and will not compromise on either of those two key points,” commented Kushla.
