## Dealing Services - Director

### Company

Invast Global is a global, multi-asset prime broker. Our clients include retail brokers, hedge funds, regional banks and professional traders. Invast Global is the Australian subsidiary of Japanese listed Invast Securities Co. (8709.JP) with a heritage dating back to 1960.

Invast Global has enjoyed significant success in the prime services space since launching in June 2013, winning the Hedgeweek 2017 & 2018 Global Award: Best Specialist Prime Broker. The company promotes a highly innovative and entrepreneurial corporate culture and is located in a premium Sydney CBD location.

### Opportunity

Invast Global is looking for a high-quality applicant to join our Sydney Dealing Services team as trade support for our customers. The role has been created in response to considerable growth in our institutional trading activities globally, necessitating additional resources to allow us to continue servicing our clients at the highest possible level. The successful candidate will fill a senior position within the team working closely with the Head of Dealing Services team, management and risk departments to ensure operation of the Dealing Service team in contributing to the broader strategic objectives of the organisation.

### Role

The role operates in a fast-paced team environment in which members of the dealing services team will primarily be responsible for the monitoring and execution of client trades as well as management of client relationships and the associated customer service. Monitoring of client risk parameters and credit lines with Liquidity Providers and Prime Brokers will also form a large portion of the role.

### Responsibilities

- Close engagement with the risk team to ensure effective mitigation of risks arising from the day-to-day operations of the desk;
- Monitor and manage client trade flow and associated risks;
- Monitor and manage, liquidity lines, credit lines and Prime Broker facilities;
- Monitor and manage trading systems and products;
- Conduct trade execution performance analysis;
- Trade investigation & client problem solving;
- Communicate closely with the Head of Prime Services on all client related matters;
- Client relationship management and customer service – via phone, email and Skype.

## Skills & Qualifications

Our ideal candidate has:

- Minimum five year's financial markets dealing experience is a pre-requisite;
- System experience in Bloomberg, Iress, FlexTrade and MT4 / MT5 strongly desired;
- Base knowledge of Spot FX, Metals, Equities and Futures is preferred;
- Degree qualified in a relevant financial markets / economics discipline and appropriate industry relevant licensing qualifications such as a Statement of Attainment in RG146;
- Proficiency in Microsoft Excel (intermediate) is required;
- Proficiency in Microsoft Excel (advanced), VBA or SQL preferred;
- Strong organisational skills and attention to detail essential;
- Ability to work independently and as part of a team;
- Must thrive in a fluid, fast-paced, and result-oriented environment; able to adapt to changing business needs.

## Employment Conditions

- This is a full-time position located at our premium Sydney CBD office location;
- Shifts may include coverage of the Asian Time-zone and, from time to time, the European and US Time-zones;
- Full working rights in Australia.

Remuneration will include:

- Base salary plus superannuation;
- Participation in the Short-Term Incentive Scheme (quarterly bonus scheme);

### Start Date: Immediate

If you feel you meet the above criteria and can liaise with stakeholders across multiple levels and can take initiative, then please APPLY now!

Please note that only successful applicants will be contacted.  
Invast is an equal opportunity employer.
